VOL. XIV.

CLAY CITY, KY., THURSDAY, MAY 28, 1909.

NO. 21.

H. G. Burgher Passes Away.

Mr. H. G. Burgher died at his home in this city Tuesday afternoon at about two o'clock, after a lingering illness of several months with dropsy. At the time of his death, however, the end was very unexpected. He was thought to be much better, had gone to the table and eaten his dinner, and said himself he was getting along well and thought he would get out again. He dropped off to sleep and within forty-five minutes he breathed his last without awakening. Burial Wednesday at the local cemetery.

Deceased was 57 years old. He leaves a wife and four sons, Messrs. A. M. and Asa Burgher, of this city, and J. W. and J. H. Burgher, of Winchester.

Mr. Burgher was one of Powell county's best citizens. He was always on the side of the right, ever upholding the moral issues. He was a member of the Baptist church for many years. He was also a mason and was buried in all the honors of this order.

A Burdensome Time.

The average house wife is making life a burden to the other inmates of the household. She will tie a rag around her head and wade into the dirt in a way that makes your head swim. She tears up the carpets, empties the cupboards, looks sour when you show up for dinner and slam and bang things around to a queen's taste, and if you don't like it take your meals up town. Spring time is a very unhappy event when house cleaning is on.

C. C. Eaton has purchased a concrete brick machine and will manufacture a quantity of brick and offer them for sale. The quality of the concrete brick is said to be fully the equal of the best common clay brick.

Powell County Man in Trouble.

Charlie Fortner shot and instantly killed Tandy Q. Haggard at Pilot View last Wednesday. The trouble came up over a difference in an account which Fortner is said to owe Haggard's son for feeding some cattle last winter. Fortner gave himself up and is now being guarded by a deputy sheriff at the Brown-Proctoria Hotel at Winchester and his trial set for today.

Fortner is a Powell county boy, being connected with some of the best families of this county. He has become in good circumstance since moving to Clark county.

Operated on for Appendicitis.

Lewis, the bright little son of A. J. Daughette, of Valley View, Texas, living with his uncle, Nathan B. Curtis, of Springfield, Colo., has recently suffered a severe and dangerous attack of appendicitis and had to undergo an operation. For three days it was thought the little fellow could not live, but May 24th he was able to sit up. All parties formerly lived at Spout Spring and have many relatives and friends here who will be glad to learn that the little boy will recover.

Primary in Clark.

The Democratic primary election in Clark county Tuesday for the nomination of county officers passed off quietly, not a single disturbance occurring in any precinct. The following nominations were made: For Representative, R. D. Hunter; for Circuit Clerk, Jonas R. Bush; for County Attorney, S. T. Davis; for County Clerk, James A. Boone; for Sheriff, W. O. Brock; for Superintendent of Schools, John E. Lanter; for Assessor, John G. Bedford; for Jailor, James Mullens; for Coroner, Dr. H. C. Nunnelle.

CONSTITUTIONAL AMENDMENT.

The Bosworth-Wyatt Good Road Amendment to the Constitution of Kentucky, which passed the last Kentucky Legislature by its almost unanimous vote, and which is to be voted on at the next November General Election of 1909, by the voters of Kentucky, is as follows, to-wit:

"The credit of the Commonwealth may be given, pledged or loaned to any county of the Commonwealth for public road purposes, and any county may be permitted to incur an indebtedness in any amount fixed by the county, not in excess of five per centum of the value of the taxable property therein, for public road purposes in said county, provided said additional indebtedness is submitted to the voters of the county for their ratification or rejection at a special election held for said purpose, in such manner as may be provided by law, and when any such indebtedness is incurred by any county, said county may levy, in addition to the tax rate allowed under Section 157 of the Constitution of Kentucky an amount not exceeding twenty cents on the hundred dollars of the assessed valuation of said county for the purpose of paying the interest on said indebtedness and providing a sinking fund for the payment of said indebtedness."

Section 177 of the Constitution of Kentucky forever prohibits the State from lending its aid to, or in any way helping the counties in road building, or taking any part whatever in behalf of the cause of Good Roads.

Section 158 of our State Constitution limits the power of any county to become indebted more than two per cent. of the assessed valuation, thus making it impossible for the greater number of our counties to raise sufficient funds to do any road building at all.

Section 157 of our State Constitution provides that a county cannot levy exceeding fifty cents on each One Hundred Dollars of taxable property therein for any purpose whatever, thus making it impossible for many of the counties to provide sufficient means to create a sinking fund and pay interest on the debt created to build roads.

As a consequence of these limitations and restrictions of the powers of the counties, and also of the Commonwealth of Kentucky, good road building in Kentucky has been a thing of the past since the adoption of our present Constitution.

This Constitutional Amendment will remove these restrictions, which are a barrier to the passage of such a system of Road Laws by our Legislature, as will enable our counties and our State, and perhaps our Federal Government, to join hands in this important work of building and maintaining a system of improved highways in all parts of Kentucky, the accomplishment of which would do so much for the advancement, progress and development of Kentucky, and would mean more than all else

for the comfort, convenience and improved condition of all our people. If this Constitutional Amendment receives a majority of the votes at that election, it will then be possible for Kentucky to pass such a system of Good Road Laws as are in effect in the States of New York, New Jersey, Connecticut, Michigan, Massachusetts, California and Pennsylvania, and, in fact, every other State where progress and advancement is being made in building and maintaining good roads, while our own Kentucky is at a standstill.

If you are in favor of good roads, vote and work for the Bosworth-Wyatt Good Road Constitutional Amendment and lend a helping hand in making it possible for every county in our State to have the very best improved highways.

Card of Thanks.

Words cannot express our appreciation of those friends who have shared with us the lonely vigils by the bedside of our beloved husband and father, Henry G. Burgher. No sweeter memory can live in any heart than the memory of their untiring devotion to the one who has just left us. The waves of sorrow break upon every shore, and we can but hope that friends as true may gather around each one of them should sorrow invade their homes. THE FAMILY.

The Show.

Howe's circus gave but one performance in this city Thursday, the night show being called off when it began raining so hard. The show was one of the best ever exhibited in Clay City, and the management was one of the kindest and cleverest, appearing perfectly honest, but they had some gambling going on we learn, or at least they were following up the show and some of our boys are said to have lost pretty heavily. Had they have heeded our advice and not have bit at other mens tricks they could have kept their money.

Death of James Wood.

Mr. James Wood, aged about 75 years, died at his home on Snow Creek, this county, with infirmities due to old age. Burial at the Woods graveyard. He was a substantial farmer, but for the past five years had been unfit for any business. He leaves three children, Mrs. Marion Curtis, of this county, and Thos. Wood and Mrs. John M. Todd, of Clark county.

Decoration Day falls this year on Sunday, which will insure its being more generously observed.

Dr. Dickson dentist will be in Clay City to practice his profession Friday and Saturday.

CONSISTENCY A RARE JEWEL.

Commission after commission appointed by the Federal government and the U. S. Agricultural department as well, has for years been spending thousands of dollars every year in educating the people to be sparing with the timber, and to plant more trees, for unless we do, the timber at the present rate of cutting will be exhausted in less than twenty-five years. And Carnegie the steel magnate says the end of iron ore is in sight. But despite this most serious and deplorable condition, Congress shuts out all imports of these necessary and fast depleting articles by a prohibitive tariff, according to the Republican policy. We cannot freely import the material of which we are so scarce, and save a portion of what we have for those dark days 25 years hence when the majority of all our natural resources are forever gone.

Dishonest statesmen with no more consistency than this have paraded about Washington and humbugged the majority of voters in this country for nearly half a century, and they claim will continue to humbug them for

ages to come, or at least until all our natural resources are exhausted as we are taught to know they will be.

May such day speed on if we are never to have cheap necessities of life until we have exhausted our own supply when then we will take off the tariff from such articles and get them at what they are really worth.

These wisecracks who teach us so much should harmonize their reported facts with their actions to prove their good faith. However, they will give this but little concern so long as they can control a majority vote at comparatively so small an outlay.

The question is being agitated to change the term of office for President from four to six or possibly eight years. One might object to this and want the term changed to two or even one year, since the voter is patted on the back and fattened for about six months before each Presidential election so as to get him to vote right. We should think the voter at least, would want more of it rather than a reduction.

Summer School.

The Summer School of the Eastern Kentucky State Normal at Richmond opens on June 8 and continues six weeks. An attractive announcement has been published which gives in detail the extensive courses offered during the session. Copies of this announcement may be had upon application.

We wish to urge all of our readers who are teachers or who expect to teach this fall to enter the Summer School of the Eastern State Normal at Richmond. Courses in Public School Administration; High School, Grammar, and Primary Methods; Methods in Latin, Composition and Rhetoric, Mathematics, and Grammar; Nature Study and Education will be given by experts. The teachers of these various subjects are each a specialist and have years of successful practice

cal experience to make their instruction of the greatest value to teachers.

Powell & Dawson, of Winchester, have a new advertisement in this issue. This is a new firm composed of Walter Powell, who has many relatives in this county and J. Harlan Dawson, who also has many relatives and who has been living at Squot Spring where he has been engaged in farming and the mercantile business for the past eleven years. They are deserving of your patronage which we hope you will give them when needing anything in your line.

You can easily discover the identity of a majority of the men who do not expect to hold offices during the Taft regime. They have not gone to Washington.

Catarrh Cannot be Cured with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

In a little while summer boarders will be in evidence. Deal gently with them when they ask you how many eggs the egg plant produces in a day, and when they ask to see the cow that gives butter and cheese. They mean well but they are very green concerning country ways; and if they are frightened out of their wits when they meet a flock of sheep, do not remind them of their cheap jokes about the perils of a countryman crossing a busy street in town. The summer boarder is usually willing to learn, and in time he will even be able to distinguish between a bumblebee and a grasshopper.

Cramps

Thousands of ladies suffer agonies every month. If you do, stop and think. Is it natural? Emphatically and positively—NO! Then make up your mind to prevent or cure this needless suffering!

TAKE CARDUI

It Will Help You

"I suffered 9 years" writes Mrs. Sarah J. Hoskins, of Cary, Ky. "I had female trouble and would nearly cramp to death. My back and side would nearly kill me with pain. I tried everything to get relief, but failed, and at last began to take Cardui. Now I can do my housework with ease and I give Cardui the praise for the health I enjoy." Try.
